ABOUT ME

I am a skilled WordPress and web Designer with experience since 2018 in the field. My expertise includes WordPress, HTML & CSS, Bootstrap, JavaScript & jQuery, PHP & MYSQL, Canva Pro, domain & hosting, and SSL. As an employee, I have worked as a web Designer, WordPress developer, team leader, and project manager, delivering successful projects and providing quality web solutions to clients.

PORTFOLIO

I have developed over 1000+ WordPress projects throughout my tenure as an employee in various companies. Additionally, I have taken on freelance work and have showcased some of my most recent projects on this page. I am eager to continue expanding my experience by taking on new projects. Although I have also worked on core PHP projects, unfortunately, I no longer have access to those files due to changing laptops multiple times. It's not just about completing projects for me; I am committed to continuous growth and learning.
